Small Firm Operators Benefit From Meet

By Ralph Cole

Owners of small firms in Hondo and the South Texas area are invited to a conference Sept. 27 at the Hilton Hotel in San Antonio, on how to do business with the government.

Described as an area procurement conference, the first such conference conducted by the U. S. Small Business Administration in Texas, businessmen will learn:

1. What are the procedures for bidding on a government contract.
2. What are the many opportunities, which small business owners may be overlooking, for doing business with the federal government.
3. What are the facts about the financial assistance program of the Small Business Administration.

Sponsoring the conference are the San Antonio Manufacturers Assn., San Antonio Chamber of Commerce, South Texas Chamber of Commerce, San Antonio

Mexican Chamber of Commerce and the San Antonio chapter, Quartermaster Assn.

The delegation conducting the conference, headed by Albert C. Kelly, regional director, S. B. A., Dallas, will include procurement officials from the General Services Administration, all branches of the military and other federal agencies.

Main emphasis of the conference will be on procurement, according to C. Ray Martin, chief of S. B. A.'s Dallas office of procurement and technical assistance.

S. B. A. services primarily apply to a firm that is independently owned and operated, is not dominant in its field and has less than 500 employees.

Best procurement opportunities, he said, concern those small

Beauty Program Continues

The highway and railroad right-of-way between Ave. O and Ave. P will soon be landscaped and planted by the Hondo Garden Club.

Mrs. F. D. Garrison, chairman of the Highway Beautification Committee of the Hondo Garden Club, made that announcement at the opening meeting of the year Friday afternoon in the home of Mrs. Riggs Shepherd.

The club had hoped to be able to beautify an additional area east of the present beautified parks but have not been able to secure a lease on the area from the railroad.

Work of planting shrubbery and grass will proceed just as soon as the city installs water pipes on the area on the block due west of the landscaped parks along Highway 90. The Texas Highway Department has co-operated by taking out the old soil and filling the area with a richer dirt. They have also leveled the land and made it ready for planting.

The business meeting of the club was conducted by Mrs. R. W. Landers, president. The membership voted to restrict the number

Hearing Set For School

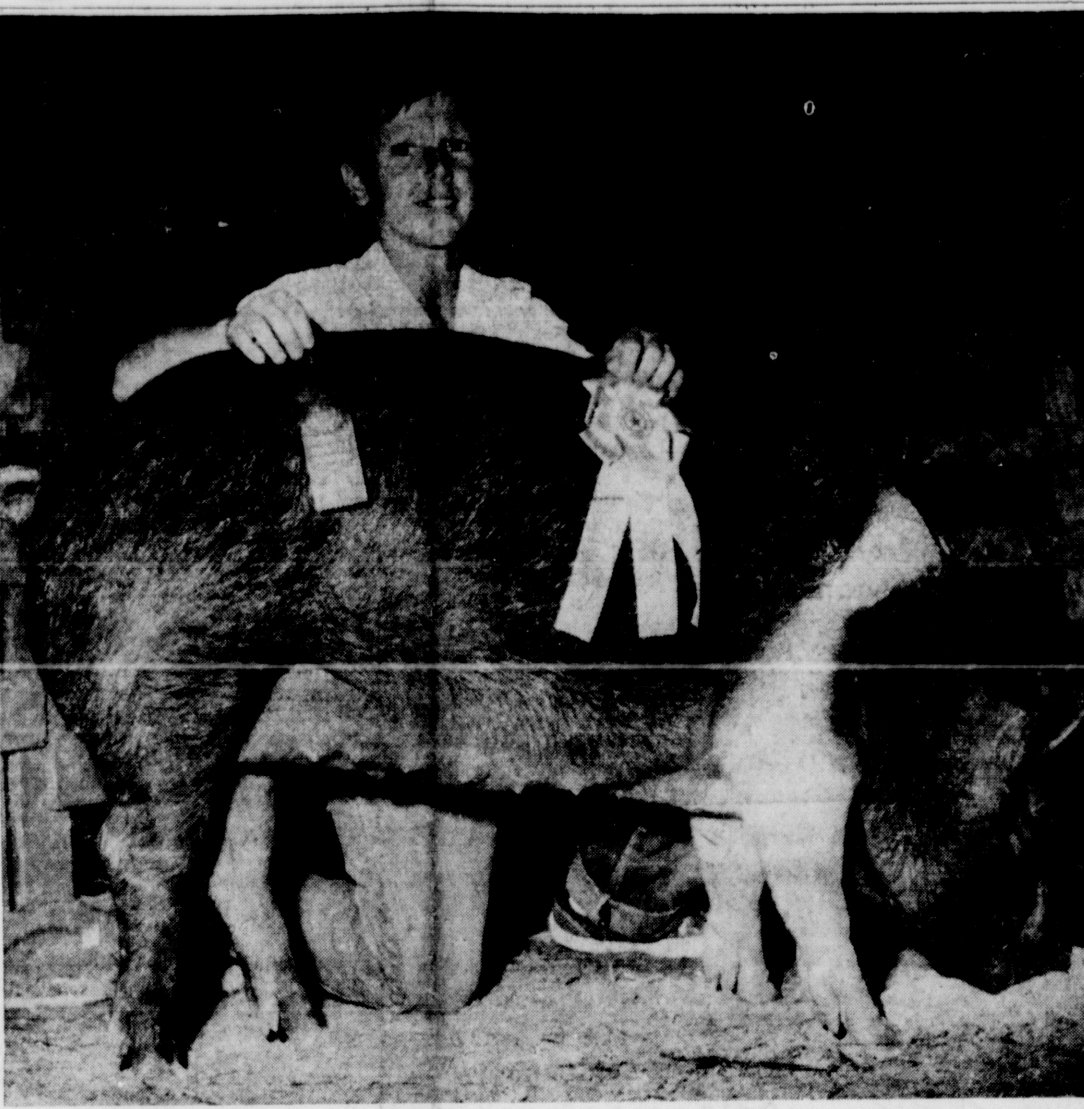

A hearing has been set for 2 p.m. Wednesday afternoon, Sept. 26, at the Hondo high school auditorium, at which time a complaint entered by Mr. and Mrs. D. V. Streetman will be heard.

In their complaint, the Streetmans allege that "It is a known and admitted fact that in the lower grades a white and negro student is retarded in learning and advancing where a large number of Mexican students are in attendance due to their language handicap. Further, that such Mexican students will learn and advance more rapidly where there are a larger number of white and negro students in attendance due to the association and the breaking down of the language handicap."

Also, they allege that "said School's administrative personnel and those acting with them have set up at said North side elementary building a segregated school in a very discriminating manner which is unlawful, un-American and un-Christian."

Further allegations are made and next week, the Anvil Herald plans to publish the complete text of the complaint, along with the proceedings of the hearing.

Frank Vance is attorney for the Streetmans.

RESERVE CHAMPION in the Hampshire division of the Swine show at the Guadalupe County Fair is this gilt owned by Roger Dale Bippert, 11, son of Mr. and Mrs. R. D. Bippert, LaCoste.

Roger received the animal, which is a Sears Gilt, about five months ago. He is a member of the Medina County 4-H Club. His brother, Clinton, is now assistant county agent at Seguin.

Business Firms Plan Special Food Prices

Kids' Day Open House at Hondo Air Base kicks off at 9 a.m. tomorrow morning with a parade and review.

Hondo business firms have planned an afternoon of entertainment, which should round out the day.

Following the parade, Medina County kids will view planes, hangers, safety equipment and parachute building, a fire display with a foam out, refreshments and entertainment and for the in between times, there will be sports events. The Air Base program will end at 11:30 a.m.

The Hondo High School Band,

under the direction of Bill Lewis, will play a concert at Hanger One.

Specials for Kids' Day will include a 25 cent milk shake for 15 cents at Fly Drug Store, a 25 cent ice cream sundae for 15 cents at the Kay Mill Confectionery, and a 25 cent frosted root beer for 15 cents at Miller's Dairy Cream. All of the local cafes will offer 10 cent hamburgers and Carter's Drive In will give a free soda water with any food.

At 2 p.m., there will be a special movie at the Raye, with prices set at 5 cents for children under 12 and half price for kids over 12 but still in school.

Chaplain W. T. Kendrick and CWO Glyn Downey, both of Hondo Air Base, are chairmen for the day, which is sponsored locally by the Air Base, Texas Aviation Industries and the Lions Club.

The program has been held nationally for the past eight years, and has been sponsored by the Kiwanis Club for the past three years. Since Hondo has no Kiwanis Club, the three sponsors have taken over and planned the special day for kids in Hondo and surrounding areas.

Local schools have urged their students to participate in the activities. Transportation will not be furnished, however.

Chaplain Kendrick said, "There's a Mothers' Day and a Fathers' Day so why not have a Kids' Day."

Accidents Take Toll This Week

Traffic accidents took their toll again this week, as police investigated three minor collisions.

The first, last Saturday afternoon, was at the intersection of Ave. M and Highway 90.

A 1954 Cadillac driven by Gerald T. Edick, 23, and a 1952 Buick driven by Richard Herbert Gass, 29, collided after Gass attempted a left turn onto Ave. M. Gass is from San Antonio and Edick lives at 26 Oak St., Hondo.

Damage was estimated at \$150 on the Cadillac and \$250 on the Buick.

A one-car accident, near Verdina, last Saturday night left one man with a broken arm and cuts and bruises.

Arthur Brucks Jr. rolled his 1950 model Chrysler on a curve just outside Verdina early Sunday morning. The car turned over just one time, according to Brucks.

The third accident, a hit and run case, happened Tuesday night. A car driven by Alford Weston Cox, San Antonio, and belonging to the Automotive Research Associates, was sideswiped leaving \$300 damage late Tuesday night.

J. V. Blinka, deputy sheriff, was called to the scene and later arrested Bruce H. Dolph, 22 year old Hondo Air Base cadet at a local tavern. He was charged with driving while intoxicated, fined \$150 and released to military authorities.

Dolph's car, a 1956 Chevrolet, received \$150 damages in the accident, on Highway 90. Cox was driving a 1956 Oldsmobile.

There were no injuries in the accident.

J. G. BARRY WILL SPEAK TO PTA

Superintendent of Schools, J. G. Barry, is to be guest speaker at the opening meeting of the Hondo Elementary School Parent-Teacher Association Tuesday night, Sept. 25, according to the president of the P-T-A, Mrs. W. T. Hardy. In addition to addressing the membership, Barry has offered to answer questions concerning the school system.

As has been the tradition, the first meeting will honor teachers of the school district. It is to begin at 7:30 in the elementary school auditorium, and refreshments are to be served in the gymnasium following the business session.

On Old Jail Building

Face Lifting Job

The Medina County Commissioner's Court, meeting last week, opened bids for construction work on the old jail building.

The contract was let to G. T. Wilkerson, Devine, in the amount of \$7,000. Work, which has already begun, is to be completed in 90 days. The entire second floor of the old jail building will be remodeled and courthouse offices will be moved there later.

Two other bids were given by Alfred G. Brucks and the Alamo Lumber Co.

New regulations of the Game and Fish Commission game laws, as they pertain to Medina County, were approved during the meeting.

There will be no closed season on fur bearers in Medina County.

Other changes in the laws include the bag limits on turkeys. Only one turkey gobbler per season may be killed by any one person, and antlerless deer season was extended to 15 days, with a special permit.

Deer season opens in Medina County Nov. 16, with the bag limit of two buck deer with pronged horns. Hunting of antlerless deer under special permits issued by the Game and Fish Commission for designated areas only, shall be from Dec. 1-15. Closing date for regular deer season is Dec. 13.

Shooting hours are from one-half hour before sunrise to one-half hour before sunset.

Quail season will run from Dec. 1 to Jan. 16, with 12 the daily bag limit and 24 the possession limit.

In other business, the Court ordered the county treasurer's office to make proper adjustments in credits and debits in the four commissioner's precincts, in connection with the eight cents out of the 15 cents Road and Bridge Tax set aside in 1955 and 1956, to take care of annual maturities under the \$100,000 road warrant issue. All of this warrant issue is to be expended in Precinct 1, on State Highway No. FM 689, from JS Highway 90, to the Medina-Brackley County line.

Location of the highway lies totally in Precinct 1.

L. J. Leinweber and the Joe Ney Estate presented requests for use of county equipment in terracing their fields. The requests were approved and commissioners ordered to do the work at a time when the county roads will not suffer.

Use of large or heavy equipment is \$7.50 per hour, including labor; medium type equipment and machinery, \$5 per hour, including labor; and use of trucks for necessary hauling is \$2.50 per hour, including labor.

St. John's Will Hold Pet Show

The St. John's School will hold a pet show this afternoon, at 1 p.m.

Ribbons are to be awarded to children for the best pet, most unusual or rare pet and the best trained pet.

Admission will be five cents for children and ten cents for adults. Cool Aid and cookies will be sold after the Pet Show. The show is being sponsored by the mothers of St. John's School.

John C. White To Visit Devine

John C. White, Texas Commissioner of Agriculture, has accepted an invitation from the Devine Chamber of Commerce to speak at their annual banquet Oct. 2.

Frank Bain, president of the Devine C of C, has issued a cordial invitation to everyone to attend the banquet.

Hondo School Enrollment Increases

Hondo Independent School District picked up an extra 77 students this year.

Last year's total was 951 students while this year, the number has reached 1,028.

The largest gain was in grades 1-8, where 64 students were added. Two grades recorded drops — the third grade dropped from 119 to 112 and the eleventh grade dropped from 51 to 39. The largest gain was in the eighth grade where 74 students are registered as compared to 52 at this time last year.

In San Antonio

Water Hearing Set

The Central Power and Light Company auditorium in Uvalde was practically filled last Thursday afternoon with citizens from throughout this area of Southwest Texas who came to hear plans for a proposed Edwards underground Water District.

The Uvalde meeting was the seventh and final of a series of similar meetings. Information discussed will be correlated and presented to the annual meeting of the South Texas Chamber of Commerce in San Antonio Oct. 8-9.

That organization has undertaken the proposed district as one of its projects.

The next step would be for the State Board of Water Engineers, meeting in San Antonio on Nov. 8, to define the geographical area of the district. Many aspects of the district still remain to be worked out.

Grady Mahaffey, a director of the South Texas Chamber for this section, served as chairman of the meeting.

Participating in Thursday's meeting were Hershel Nix, executive secretary of the South Texas Chamber of Commerce; J. H. Blackaller, vice-president H. B. Zachry Co.; Mayor J. O. Palmer, Uvalde, who made the welcome address; County Judge Jay Myer, Dimmitt County, the response; Ben Pettit, hydrologic engineer with the U. S. Geological Survey, and many visitors who asked questions from the floor.

Blackaller sketched the boundaries of the proposed district which would stretch about 150 miles from Brackettville almost to Kyle, and under which a giant

aquifer, or water bearing strata of Edwards limestone formation, provides a "system of collection and distribution which nature has given us."

We need to give nature a helping hand, Blackaller said by building dams and regulating the discharge of water in the area.

In referring to the upper portions of the district, such as Edwards County, Blackaller stated, "Good range management and conservation practices would

P. Huegele Dies In SA Hospital

Funeral services were held Sept. 15, 1956, for Peter Andrew Huegele, who died in a San Antonio hospital Sept. 13, following a short illness.

He was a resident of San Antonio for ten years.

Born in Rio Medina March 5, 1890, Huegele was a member of Harmonia Lodge Order of Herman Sons. He was a member of the Community Evangelical and Reformed Church.

Survivors include four sons, Herbert W., Portland, Ore., Elton L., Houston, Emery P. and Olan L. Huegele, both of San Antonio; one daughter, Mrs. Thora Williams, San Antonio; two sisters, Mrs. Toby Koch, San Antonio, and Mrs. Alex Haby, Hondo. He is also survived by four granddaughters.

Rev. William Scholze officiated in the final rites, and interment was in Roselawn Memorial Park.

Pallbearers were Hugo Batot, Clarence M. Huegele, Henry Batot Jr., Allen T. Huegele, Elmer C. Huegele and Joe Meyer.

Services Held For T. Koch

By Fletcher Davis

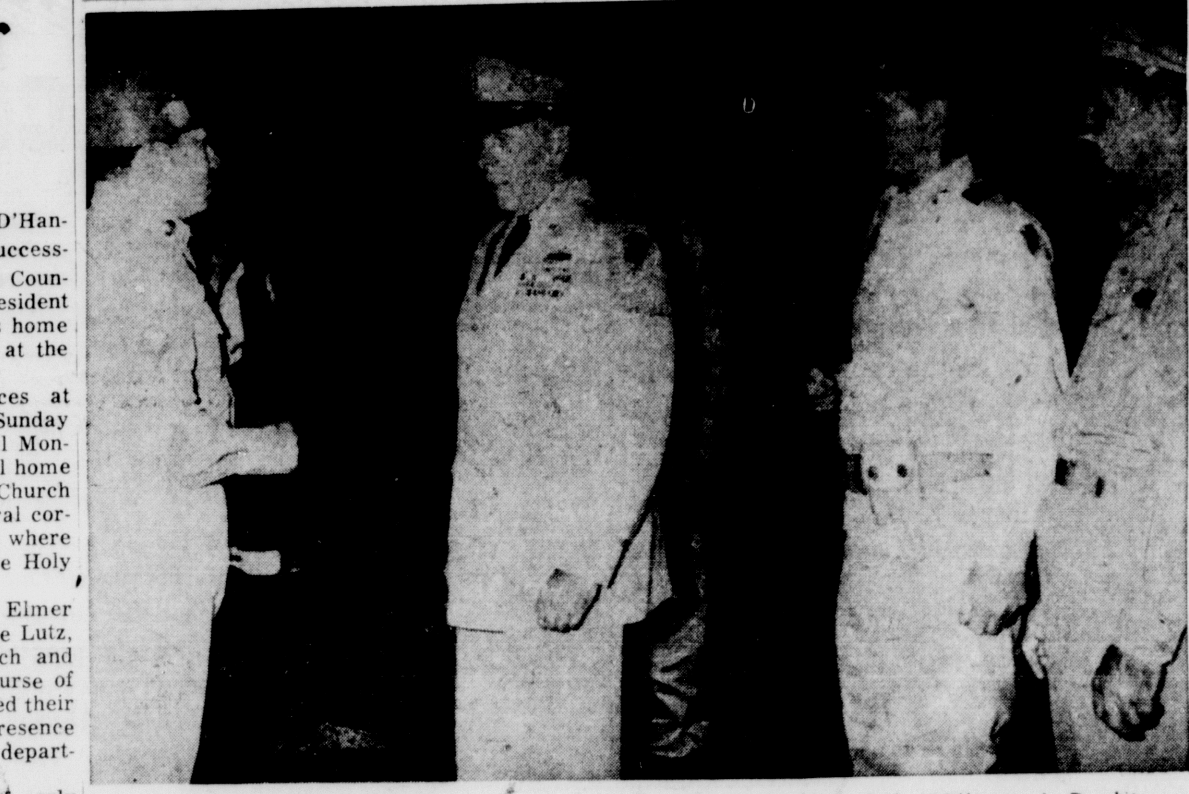

Toby Koch, a native of D'Hanis, long time resident and successful stock-farmer in Medina County, but for some years resident of San Antonio, died at his home in that city Sept. 14, 1956, at the age of 84 years.

Following Rosary services at Harger funeral home Sunday evening at 7:30 and funeral Monday at 9 a.m. at the funeral home and at St. John's Catholic Church at Hondo at 9:30, the funeral cortege proceeded to D'Hanis where interment was made in the Holy Cross cemetery.

Active pallbearers were Elmer Huegele, Jay Batot, Wallace Lutz, Mervin Batot, Robert Koch and Eldie Koch. A vast concourse of relatives and friends showed their esteem for Koch by their presence at the last rites for their departed friend and loved one.

The deceased, a scion of early Texas pioneers from Germany, was born at D'Hanis on Oct. 27, 1871, the son of Stephen Koch and Margaret Koch, nee Fohn. He was married in early life to Miss Katherine Lieber, also of D'Hanis. Together they lived and prospered on their stock-farm a few miles west of Hondo and reared

SPECIALIST THIRD CLASS Jesus Leyva stands at inspection arms while Brig. Gen. Robert C. Ives, assistant 36th Division commander questions him. Others in the photo are, from left to right, 2nd Lt. A. R. Rowe, platoon leader; Capt. Roland D. Weber, company commander of Hondo's heavy mortar com-

pany; and Lt. Col. William J. Rushing, regular army advisor for the 141st Infantry Regiment. All of this took place during the command inspection held last week. The company received an over-all grade of excellent. The command inspection is held once each five years.

PRIZE WINNER — Ronnie Greathouse, Anvil Herald advertising manager, explains his entry in the Texas Press Association's Ad Idea Contest at a meeting in Austin last weekend. The 22-year-old A&M graduate's entry was chosen as one of the top four in the 1956 Ad Idea Contest by Harold Southart of New York's Metro Associated Services, and received an honorable mention award. More than 125 Texas weekly and daily newspapers entered the contest and attended the convention in the Commodore Perry Hotel.

Mrs. Nester Will Head Band Club

Mrs. Ivan Nester has been named president of the Castroville Band Boosters Club, following a meeting held last Thursday night at the high school auditorium.

Other officers elected include Mrs. Stanley Jagge, vice-president; Mrs. L. D. Nuckles, secretary; and Albert Saathoff, treasurer.

The Band Boosters Club will sponsor the concession stand at the next two football games. Mrs. Stanley Jagge, Mrs. Joe Riff, Mrs. Henry Tschirhart, Mrs. Martin and Mrs. Wendell Griggs will serve on the refreshment committee for the Lytle football game.

Band director William Fotjik outlined his plans for the year and asked members to continue their drive for funds in order that the expensive instruments necessary for a full band can be purchased by the organization itself, or with the aid of other civic organizations interested in seeing the band make headway.

A committee was appointed by the president, to report on the cost of uniforms and also on the price of some instruments needed at the present time.

The next meeting will be held on the fourth Monday of September. An interesting program will be presented and parents and friends of members of the band are asked to attend.

Plans are being made for the "Gay 90" or the roaring "20's" show. The club has not made their decision as to which one will be presented. A dance and cake sale will be a money raising project.

HD Representatives Will Attend Meeting

By Estella Strayhorn

Representatives from the ten home demonstration clubs in Medina County are planning to attend some of the sessions of the National Home Demonstration Association Council as will Mrs. Estella Strayhorn, who is the District 12 Agent delegate, from Sunday through Wednesday, Sept. 23-25.

Elected delegates to the State meeting Thursday and Friday are Mrs. Clarence Stein, LaCoste; Mrs. B. J. Robbins, Natalia; and Mrs. Alice Rihn, Rio Medina. Mrs. Harrison Wilson, newly elected THDA chairman, and Mrs. W. C. Whitehead, council chairman, will also attend the meetings.

Texas home demonstration club women will host the annual meeting of National Home Demonstration Council in San Antonio, Sept. 23-26. They will follow the three-day session with the annual meeting of the Texas Home Demonstration Association. Main sessions of both groups will be held in the Municipal Auditorium.

Mrs. John Golightly, president of Texas Home Demonstration Association, says 41 member states, Hawaii and Puerto Rico are expected to send delegates to the national meeting.

The National Home Demonstration Council is made up of state organizations representing approximately three million homemakers in home demonstration extension groups. Designed to bring recent research and developments in home economics to homemakers and families the program is sponsored cooperatively by state land-grant colleges, the U. S. Department of

Agriculture and county governments.

A special get-acquainted luncheon for state presidents, national board members, national committee members and state home demonstration leaders is planned for Sunday, Sept. 23. Imogene Bentley, dean of women, North Texas State Teachers College in Denton, will be the main speaker at the Sunday evening Vesper Service at the Auditorium.

Monday's program features an address by C. M. Ferguson, administrator of the Federal Extension Service, presentation of the national safety awards, regional luncheons, committee sessions and "Texas Night," dramatized important historical events of Texas under six flags.

Governor Allan Shivers will be the featured speaker on Tuesday's program. Other highlights will include reports by central and southern states on the program of work, and a western barbecue arranged by club members of District 10, the hostess district.

Wednesday's program will feature an address by Congressman Omar Burleson, western and eastern states' reports will be given during the business session at which time the group will also elect a vice-president, secretary and central directors for the National Home Demonstration Council.

Mrs. Oveta Culp Hobby will be the speaker at the closing banquet in the Gunter Hotel on Wednesday night.

Highlights of the annual State meeting of Texas Home Demonstration Association, which opens Thursday, Sept. 26, will be election of officers, program planning and workshop sessions in the six main areas of activity: citizenship, education, health and safety, recreation, civil defense and 4-H Club work.

Maurine Hearn, State home demonstration leader, Florence Low, head of Home Economics Department for research and extension, Bonnie Cox, extension organization specialist, and other members of the extension staff participating in workshop groups, will attend the meetings. More than 2,000 Texas women, plus delegates and visitors from other states, Puerto Rico and Hawaii, are expected to participate, according to Mrs. John Golightly, H. D. A. president.

Mrs. Kollman Plays Host To Baptist

Ruth Carlisle Circle of the Baptist Church, met with Mrs. E. E. Kollman for a Royal Vice program last week.

After a brief business session a program on the old hymn "On O King Eternal" was presented. The hymn was written in the same year the Woman's Missionary Union was organized. The theme centered around our people organizations and missionary education. On the program were Mrs. H. A. R. Earl Sylvester, Mrs. Lee Les and Mrs. R. L. Jennings. Closing prayer was given by Mrs. T. Crow.

A social hour followed and refreshments were served to members.

Why settle for less than Blue Chip performance?

It doesn't take a new GMC owner long to spot the difference—especially if he's just switched from another make truck.

Take the way every Blue Chip GMC is "engined." An ultra-modern power plant gives him flashing response, sparkling road-pace—and record fuel economy.

Hydra-Matic* is another eye-opener. Right away he appreciates its time and effort saving in traffic. And later on, he cashes in on the big maintenance savings.

And every trip he can carry a bigger load. For GMC chassis are rugged—GMC axles are extra-capacity.

So he hauls more—and hauls it comfortably. GMC

cabs are man-size and deep-cushioned. Recirculating ball-bearing steering makes handling free and easy. Close-quarters parking's a cinch with Safety Power Steering.*

And at every stop, a Blue Chip GMC attracts admiring attention. With that distinctive boulevard styling, it's a smart advertisement-on-wheels for any business.

One for your kind of truck-work? Our truck specialists will help you select just the Blue Chip model that will do your job most profitably. And our truck servicing experts always stand ready to help you keep it a Blue Chip top-profit-maker. Drop in and get acquainted!

Miss Davis Honored At Quihi Shower

A Miscellaneous shower honoring Miss Judith Davis of Houston, bride-elect of Clemus W. Saathoff, was held at the Quihi Parish Hall, Saturday evening, Sept. 8.

Mrs. Lynn Haby, sister of the groom, presided at the bride's book, while Miss Emmabelle Saathoff welcomed guests at the door and took charge of the gifts.

Seated at the table with Miss Davis were her mother, Mrs. Stanley Davis, the groom's mother, Mrs. Walter Saathoff, and the bride-elect's grandmother, Mrs. Lillian Jones, of Washington D. C., Mrs. Fritz Stiegler and Mrs. L. A. Saathoff.

Misses Beverly Stiegler, Leona Marie and Emmabell Saathoff and Ray Strickland assisted the honoree in opening the many lovely gifts. The gifts were then viewed by the guests present, after which the hostesses served chicken salad on shredded lettuce, potato chips, crackers, mints, ice tea and cake.

The hostesses were Mesdames Harold Weeber, Lynn W. Haby, William Schulte, Lee Strickland, Coye Conner, Robert Wiemers, Walter Saathoff, Benj. Wiemers, Fritz Stiegler, L. A. Saathoff, Clifford Stiegler, Wesley DeGrodt, Elmer Saathoff, Clarence Saathoff, Andrew Muennink, and Miss Elgin Stiegler.

Miss Davis' dress was of beige polished cotton with red accessories. Her corsage was of red carnations.

MR. AND MRS. GEORGE Ehlinger, Devine, have announced the engagement and approaching marriage of their daughter, Rosalie, to Gaylon Davidson Jr. The wedding will be held Oct. 6, at St. Joseph Church, Devine.

Three Castroville Women Will Attend Dilley Meet

Mrs. E. J. Conrad, Mrs. Charles Suehs Jr. and Mrs. Joe Hoog will represent the Castroville Garden Club at the Pioneer Council of the garden clubs of this area, to be held this week in Dilley.

Meeting last Thursday, the group voted to hold a tour of Castroville for wives of the Border Bar Association when they meet in Hondo in November. Mrs. Frank Vance will be the Hondo hostess.

Two new members were added during the meeting. They are Mrs. M. J. Fox and Mrs. John Reus. Cactus Corner will be opened on the Saturday following each regular monthly meeting.

Mrs. G. G. Gillette reported that her blue wing warbler, which she found in May shortly after it had fallen from its nest, is still her guest. It left the house once for a brief visit with Mrs. Sam Etter. Mrs. Gillette plans to release the bird when the warblers return this spring.

An angel wing begonia plant, a gift of Mrs. Paul Christilles, was given to Miss Ruth Lawler, as an attendance prize. Several plants donated by Mrs. D. J. Canty, were auctioned at the

meeting. Proceeds will go to the general fund.

Officers of the Castroville Garden Club are Mrs. E. J. Conrad, president; Mrs. Charles Suehs Jr., vice-president; Mrs. A. Saunders, corresponding secretary; Mrs. Gene Suehs, treasurer; and Mrs. Charles Eckert, recording secretary.

Mrs. Conrad named the following committees:

Civic Project, Mesdames Joe Hoog and Richard Brieden; Plant Exchange, Mesdames Woodrow Sharp, D. J. Canty and Julius Jungman; Finance, Mesdames Floyd Haby, Mayme Rihn, E. Adams and Raymond Ehlinger; Program and Year Book, Mrs. R. J. Schott. The Courtesy Committee will be announced each month.

Davis-Saathoff Ceremony Observed In Quihi Church

The Quihi Lutheran Church was the scene of the wedding of Miss Judith Alicia Davis, daughter of Mr. and Mrs. Stanley E. Davis of Houston, and Clemus W. Saathoff of Hondo, Saturday, Sept. 15.

The Rev. Durkop officiated at the double ring ceremony.

White gladioli were used to decorate the church.

The wedding music was played by Miss Lonnie Schulte.

The bride entered on the arm of her father. Her gown was of white lace over taffeta and was ballerina length. It had a tight fitting bodice with a scalloped neckline and long sleeves ending in points at the wrist. The veil of illusion cascaded from a pearl tiara. Her bouquet was feathered mums.

The matron of honor was Mrs. William R. Schulte, sister of the groom. Her gown was of yellow with a tight fitting bodice of ribbonette. The skirt was ballerina length, net over taffeta. The bride's other attendants were her sister, Miss Elizabeth Davis, and Miss Janet Puryear from Houston. Miss Davis's gown was aqua, princess style with an attractive neckline and Miss Puryear's gown was made along

Miss Koch Honored At Luncheon

Mrs. Norma Bless and Mrs. Jack Garrison entertained Miss Ann Koch, bride-elect, with a luncheon Tuesday in San Antonio.

Her marriage to F. M. Davis Jr. will take place Oct. 6. The honoree was presented with a gift of pottery from the hostesses. Mexican decorations were featured and covers were laid for 10 guests.

The guests included the honoree, Miss Ann Koch and Mrs. A. A. Koch, Mrs. F. M. Davis Sr., Mrs. Molly Moore, Mrs. Robert Taylor, Mrs. John McCullen, Miss Dutz Davis of San Antonio, and Miss Ann Davis of Hondo.

Sammy Bybee Honored At Party

Sammy Bybee celebrated his eighth birthday Wednesday, Sept. 12, with a weiner roast for twelve young guests — all boys.

Sammy's parents, Mr. and Mrs. Paul Bybee, assisted with the "roasting". The birthday cake was chocolate and had yellow decorations on the chocolate icing. Individual cupcakes held small clown-head toys and favors were balloon type whistles.

Pep Squad Helps Keep Spirit High

The LaCoste pep squad is now practicing for their second game, following last week's LaCoste victory over Rocksprings, 33-6.

Under the direction of Mrs. A. D. Blue, the pep squad furnishes the spirit for each game.

Annetta Hitzfelder is drum majorette and Phyllis Santleben is mascot. Cheerleaders are Harriet Biediger, Karen Jungman, Patricia Jungman and Dolores Duncan.

help not only them but all other parts. The final solution is slowing down water long enough to get it into the ground where it can do good.

Pointing up the seriousness of the water situation, Blackaller said, "Right now we have more people in the area than water supply. Right now we are spinning our wheels if we try to go out and get industry. With a questionable water supply, industry won't come."

In answer to a question from the floor, Blackaller said it was his opinion that Diablo Dam to be built above Del Rio would have no effect on the reservoir in this area.

PERSONAL APPEARANCE

By Jerry June Berger

MRS. RUSSELL CHAPMAN says she supposes the best way to solve her problem is to start wearing wooden shoes and asbestos gloves. Last spring she accidentally broke a toe and she is currently wearing a bandage on her hand to care for a broken finger—the latter accident happening when a car door slammed on three fingers. She adds that she would take out some broken bone insurance but she's afraid at this point she'd be considered a poor risk by most insurance companies.

PA

J. G. BARRY says if anybody doubts his word, they can talk to FRITZ LEINWEBER, but anyhow, when he goes fishing, he gets action. At the KNOPP tank recently, he made a cast when it was just about dark, and got a strike. From all the splashing around, he assumed that it was a five foot bass, but when he reeled it in close to the boat, found a large water moccasin on the hook. Then the fun began as he and FRITZ tried to keep the snake from getting into the boat. They succeeded, but only by cutting the line and letting the unwelcome catch take off with the bait.

PA

And that brings to mind another "snake" story. MRS. FRANK O'NEILL is moving her dancing class out to the airfield in order that the kiddoes will have more room to cavort around. We explained to on five year old that her class would meet next week in the C. A. P. building at the

air field and she asked, "Oh, do you mean that building in back of the water moccasin factory?" After inquiring we found she had reference to the Mustang shoe factory which manufactures moccasins.

PA

The Camp Fire program, which has progressed so wonderfully in Medina County during the past few years, has hit a stalemate and we sincerely hope that mothers of little girls eligible to participate in the program will make sure the snag is only temporary. Eighteen leaders are needed for the Camp Fire Girls and the younger Blue Birds, yet only five have been secured. MRS. W. B. HEDGE has the unhappy task of trying to uncover the remaining thirteen. Any volunteers?

It is hard to believe that mothers would deprive their daughters of the worthwhile benefits of such a program by not offering to take a turn at being a leader, assistant leader or even an assistant's assistant some time during the years that her own daughter is of the age to be in the organization.

But we also understand that adults are greatly needed for the Boy Scout activities too.

PA

Hondo PTA Opens Year With Meeting

A good attendance helped the Hondo High School PTA begin their new year in good fashion Sept. 13. The meeting was held in the high school cafeteria, with Mrs. M. F. Schweers, president, presiding.

Mrs. Charles Tondre, program chairman, introduced J. G. Barry, who was the guest speaker. Barry talked on problems of the school and expressed his appreciation for the wonderful cooperation parents had given.

Herman Burch introduced the teachers, and Mrs. Robert Fessler gave the response.

Mrs. Schweers thanked John McAnelly for the gavel presented to the PTA, which was made by FFA students.

It was also announced that the high school PTA received an A certificate for work completed under the leadership of Mrs. H. B. Eggen, who was president during the last school term.

NOTICE OF HEARING ON DESIGNATION BY THE BOARD OF WATER ENGINEERS OF AN UNDERGROUND WATER RESERVOIR

THE STATE OF TEXAS
COUNTY OF TRAVIS
TO THE HOLDERS OF TITLE
TO LAND IN, and to all persons

interested in the proposed designation of an underground water reservoir or subdivision thereof which may underlie all, portions thereof or segments of the Texas counties of Atascosa, Bander, Blanco, Comal, Edwards, Gillespie, Guadalupe, Kendall, Kerr, Kinney, Hays, Medina, Real, and Uvalde.

Notice is hereby given that a hearing will be held at ten o'clock in the morning on the 8th day of November, 1956, in the Municipal Auditorium in the City of San Antonio, Bexar County, Texas, for the purpose of designating any portion or all of the Texas counties of Atascosa, Bander, Blanco, Comal, Edwards, Gillespie, Guadalupe, Kendall, Kerr, Kinney, Hays, Medina, Real, and Uvalde as an underground water reservoir or subdivision thereof in keeping with the following order, duly passed by said State Board of Water Engineers, to wit:

IN RE: DESIGNATION OF UNDERGROUND WATER RESERVOIR
THE STATE OF TEXAS
COUNTY OF TRAVIS

On this the 4th day of September, 1956, the State Board of Water Engineers of Texas met in regular meeting at its office in Travis County, Texas, with the following members present, to wit:

R. M. Dixon, Chairman
H. A. Beckwith, Member
O. F. Dent, Member

There came on to be considered by the Board the matter of designating an underground water reservoir or subdivision thereof.

And it appearing to the Board that any designation of an underground water reservoir or subdivision thereof in the southern portion of the Edwards Plateau may include all, portions thereof, or segments of the Texas counties of Atascosa, Bander, Blanco, Comal, Edwards, Gillespie, Guadalupe, Kendall, Kerr, Kinney, Hays, Medina, Real, and Uvalde;

And it further appearing to the Board that it has jurisdiction on its own motion, under the provisions of Article 7880-3c, Vernon's Annotated Civil Statutes of Texas, to set a hearing for designation of an underground water reservoir or subdivision thereof in the region embraced generally by the aforementioned counties;

And it further appearing that due notices, postings and publications thereof will have to be made in the manner and for the time provided by Articles 7880-15 and 7880-21, Vernon's Annotated Civil Statutes.

IT IS, THEREFORE, ORDERED by the State Board of Water Engineers of Texas that a hearing will be held before this Board at ten o'clock in the morning on the 8th day of November, 1956, in the Municipal Auditorium in the City of San Antonio, Bexar County, Texas, for the purpose of designating all, portions thereof, or segments of the Texas counties of Atascosa, Bander, Blanco, Comal, Edwards, Gillespie, Guadalupe, Kendall, Kerr, Kinney, Hays, Medina, Real, and Uvalde as an underground water reservoir or subdivision thereof.

On the date set for hearing, any person whose land is included, or would be affected by a designation of any or all of said counties as an underground water reservoir, or subdivision thereof, may appear and offer testimony to show that any areas concerned would, or would not, be a part of said underground water reservoir or subdivision thereof; and evidence may be presented in person, by attorney, or by affidavits; and the boundary designation may thereafter be made pursuant to said hearing based on the records of the Board of Water Engineers and all evidence adduced at said hearing.

It is further ordered that a proper notice of such hearing which shall include a copy of this order shall be prepared, and one copy shall be posted at least fifteen (15) days prior to hearing date at the Courthouse door in each of the following counties, to wit: Atascosa, Bander, Blanco, Comal, Edwards, Gillespie, Guadalupe, Kendall, Kerr, Kinney, Hays, Medina, Real, and Uvalde; and one copy shall be published in a newspaper of general circulation in said area of the proposed designation once a week for two consecutive weeks, the first publication or publications thereof to be made at least twenty (20) days prior to the date of said hearing.

Upon motion made by O. F. Dent, seconded by H. A. Beckwith, the foregoing order was passed by the unanimous vote of all members, all members voting "aye" and no one voting "no." PASSED, APPROVED and ORDERED, at Austin, Texas, this the 4th day of September, 1956.

BOARD OF WATER ENGINEERS

R. M. Dixon, Chairman
ATTEST:
Ben F. Looney, Jr., Secretary
You will, therefore, take notice that said hearing for designation of an underground water reservoir or subdivision thereof will be held as provided in said foregoing order, and you will further

take notice of all the facts, conditions and terms therein set out. (Seal)
BOARD OF WATER ENGINEERS
R. M. Dixon, Chairman
ATTEST:
Ben F. Looney, Jr., Secretary

HIGHLIGHTS and SIDELIGHTS

AUSTIN, Tex. — Atty. Gen. John Ben Shepperd has asked the press of Texas to sponsor 12 bills in the 1957 Legislature. They pertain largely to publication laws. In Shepperd's opinion, such laws would have prevented the land, insurance and Duval County scandals.

Shepperd, whose term expires in January, addressed the 6th Annual Fall Meeting of the Texas Press Association, in Austin.

He recommended passage of Legislation that would require the land office to publish an official notice in a newspaper in the home county of each veteran applying for a loan under the Veteran's Land Program. This, so that hometown people will know that such an application has been filed.

Also suggested was publication of a financial statement by insurance companies, such as is required of banks and building and loan companies handling the people's money.

A strict law, making it "an absolute, mandatory requirement" that all elected public officials handling the public's money make a public accounting of same at regular intervals was cited by Shepperd as a necessity "to protect the honest public official as well as to protect the public from the dishonest public official."

Much deception is being fostered upon the people by failure of some officials to publish the full text of ordinances, said Shepperd. He referred to the publication of descriptive captions only, or mere titles, which do not give sufficient notice to the public.

He cited the imperative need for publication of annual financial statements by each school district — before another scandal rocks the state. Ditto for publication of the proceedings of county commissioners' courts, and meetings

of all boards, commissions and other agencies of the State, City County or other political subdivision — and opening these meetings to the public.

Other needed laws dealt with means of recovering money unlawfully expended or misappropriated; the hiding of public records; requiring special audits; filing penalties for filing false reports; establishing venue for the prosecution of any state official who refuses to testify on the grounds of self-incrimination.

Shepperd emphasized his remarks with this statement: "It is the duty of the press to keep the door of the public office open . . . to see that public officials remain public in every sense of the word. For this purpose, this country has created and maintained a free press."

Fund Regulations Urged
A bill to regulate labor union welfare funds is to be introduced in the next Legislature.

Rep. Tom Joseph of Waco said in a recent Austin statement he will back such a law. Supervision would be either by the Insurance Commission or State Banking Department, he said.

Joseph said he believed an excessive portion of welfare payments goes to union fund managers, and too little to workers.

Roads Of The Future
Highway construction under the new multi-million-dollar federal-state building program is designed to meet anticipated traffic conditions of 20 years from now.

State Highway Engineer D. C. Greer said crossroads and railroad crossings will be either separated or eliminated. Hills will be graded down to allow for speeds of 70, 60 and 50 miles per hour, depending on location. Roads will be either four-lane or two-lane with right-of-way for two more.

This Week

--In Washington

By Clinton Davidson

If Republican National Committee Chairman Leonard Hall ever decides to write just one "My Day" column it probably would be about Monday, Aug. 20, 1956. That was the day the Republican convention opened in San Francisco.

I accompanied him that day and now, a month later, I still am amazed when I re-read my notes on the varied, interesting and sometimes humorous events of that one day in the life of just one man out of the more than 10,000 people that were a part of the convention.

It was, principally, a tour behind the scenes of a busy convention. The TV cameras saw very little of it, and few newspapermen made more than a mention of the highlights. This is how it went:

Hall was up at 3 a.m. and at 4 a.m. took part in a Will Rogers TV program. Then at 5 a.m. the program was repeated. At 6 a.m. he was on the Dave Garroway TV program, and then had breakfast with a state delegation.

After breakfast, there were a number of quick conferences to get everything settled for start of the convention, and then at the Cow Palace at 10 a.m., an hour ahead of the opening to see that everything was set.

While speakers addressed the convention he slipped back of the platform to his office, and a big double desk that seated four people. The staff included his secretary, Mrs. Juanita Shields; campaign manager Robert Humphrys, and his secretary, Miss Costello.

Three telephones were on his desk, one of which led directly to the San Francisco White House and, in turn, to the President's desk in the White House at Washington. During lunch he saw a number of important people, including governors, senators and congressmen.

The afternoon session moved along like the well-planned program it was, but Mr. Hall was busy meeting with his staff and planning ahead. By 9 p.m. the afternoon session was over and he was back at his Fairmont Hotel office and ready to start a dozen or more conferences that continued until 1 a.m.

Some of the conferences, both at the Cow Palace and at his hotel, were important. Others were trivial and sometimes amusing. There was the important-looking lady who reported she had lost the top of her fountain pen in the ladies' rest room and wanted him to get it for her.

Then a man, who managed to get an introduction to Mr. Hall through proper channels, explained that he had made a tape recording of voices from outer space, and that these personalities told through recordings exactly what should be done in running the convention to get the best results, all of which he offered for a price.

There was the candidate who wanted permission to walk back and forth behind the speaker so that the folks back home could see him on T. V.

"WORRY, WORRY, THAT IS THE EVIL OF LIFE"

One foolish way to worry is to think you have some sickness, and then to do nothing about it. Some people are afraid to go to a physician because they are afraid he might tell them they have the trouble they are worrying about.

Relieve your mind quickly. Visit your physician immediately if you think something is wrong. Don't try to treat yourself. Get his expert advice, and the odds are that not only are your worries unnecessary, but under his skilled treatment you will get better quickly if you really have something wrong with you.

Seco Philosopher Discusses U. S. Political Situation

Editor's note: The Seco Philosopher on his Johnson grass farm discusses politics this week, another subject he's no authority on.

Dear editor:

As you know, I'm no politician. It's true I may not work very hard or very productively for a living, but still I'm no politician; as far as I'm concerned how hard a man works is his own business, and if he wants to quit his job on the Suez Canal or turn the motor off on his tractor and go fishing, it's nobody's business, yours or Egypt's.

But that's not what I started out to say. What I started out to say was that I've been reading in newspapers lately and hearing over the radio and television about the importance of getting out the vote in the November elections.

I even heard one candidate say he'd rather have a man vote against him than not vote at all.

Well, now, I'll tell you. Aside from the fact most candidates wouldn't share that view privately, at least if I was in a close race and a man who was opposed to me had a flat on the way to the polls, I'd stop and help him fix it but it would take me so long the polls would be closed before the job was done, what a lot of people seem to neglect in their campaign to get out the vote is a campaign to get out the candidates.

That is, you take a race for a minor office where two men are running and there ain't a nickel's worth of difference between the

two and neither one of 'em really suits you, I never have been able to figure out what the advantage was in trying to make a decision. In most cases, the country is bigger than the candidates, anyway, or we never would get anywhere.

I have noticed that generally when there's something or somebody to vote on, the voters turn out. I'm not saying the voters don't have a duty to vote, it's an important duty, and as far as I'm concerned it's easier and more fun than plowing, and I miss a chance, but a little more attention ought to be devoted to the task of getting out the candidates, too.

How this can be done though is out of my department. It's my job just to be in favor of better candidates and higher farm prices. How to do it is somebody else's job. How about you taking it?

Yours faithfully,
J. A.

It's Bonanza time at Buick Dealers!

**-And Smart Folks
are buying Now**

(You get a triple Bonanza in today's Buick)

THERE NEVER WAS a better time to start enjoying a gorgeous new Buick.

Take today's '56 Buick prices. They're not much higher than those of the smaller cars. Frankly, who can tell if they'll ever be as low again?

Take trade-in allowances. It's a fact that a volume dealer can afford to give you the benefit of any doubt. It's another fact that the beautiful '56 Buick is more strongly than ever in America's top three best sellers. You can draw your own conclusions.

Take the season of the year. Ask yourself—isn't it time to turn your present car out to pasture before its excellent

value today goes down, down, down?

Above all, consider all you get in a big, roomy, solidly built '56 Buick. The pride of being years ahead, today. Advanced styling, advanced power, advanced ride, advanced everything. And best of all, you get wonderful new advanced Variable Pitch Dynaflo*—with a double helping of take-off and a sweet new kind of control.

So doesn't it all add up to a real bonanza of value? Drop in and we'll prove it does. And hurry—the sooner, the smarter!

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Bonanza Trade-in Allowance

—because your present car is at its peak value right now. And because—with Buick so solidly set as America's No. 3 Best Seller—our bigger sales volume permits us to make you an even better trade-in allowance.

Bonanza Buy

Buick prices start right next to those of the smaller cars. But these Buick dollars buy you a whole lot more automobile—more room, more power, more styling, more ride stability, more solidly of structure—the Best Buick Yet.

Bonanza Resale

A Buick always resells high. But the '56 Buick will bring you even more money when you trade it because it carries today's new Variable Pitch Dynaflo.* It's the most advanced transmission yet developed—and the only one that breaks with the past to bring you the switch-pitch performance and gas savings of the modern plane's variable pitch propellers.

St. Louis Comets Take Natalia 24-0

The St. Louis Comets, playing their first home game of the season, gave the Castroville fans plenty to cheer about as they battered their way to a 24 to 0 victory against a determined group of Natalia Mustangs.

Royce Groff again led his teammates to victory as he tallied three times. Tackle Emil Zinsmeyer had a rare moment of glory when he intercepted a pass on the Mustang 10 yard line and bowled over the goal for six points.

the first half, Mustang quarterback Jimmy Putman took to the air and connected a couple of times with Marshall Davis, right end, was a standout for the Mustangs as he made some fine catches, and showed up very well on defense.

The Mustangs were forced to kick with less than a minute to go. Yet Groff only needed one play. Following his blockers around right end, he swept into the clear and took off on a 67 yard trip to the goal, outrunning the entire Natalia secondary. The half ended with the score 12 to 0.

The Comets took charge in the third quarter and seemed to be on their way to a touchdown when they lost the ball on a fumble. The Mustangs found themselves tied by the Comet line and punted. This time Groff went up the middle for 16 yards and his third TD.

Natalia Receives

Natalia took the opening kickoff but was unable to move. The punt went out of bounds on the Comet 24 and on the first play, Groff dashed for 17 yards and a first down. The Mustang defense arrested the drive, however, and took over on downs. And that was the way the first quarter went, with neither team able to roam very far.

It was only in the second quarter that the Comets finally began to rumble toward the goal. Bobby Tschirhart and Francis Lutz shared running assignments with Groff as the Comets pounded their way from their own 44 down to the 5. Groff then burrowed through a hole over right guard for the first touchdown. Arturo Espino, who has been troubled by the recurrence of an old knee injury, failed in his try for the point after.

Davis, Outstanding
With about four minutes left in

Air Unsuccessful

The Mustangs again tried the aerial route but to no avail. They refused to quit and their hard, jarring tackles stalled a couple of other Comet drives by shaking the ball loose from Castroville backs.

Still trying desperately to score, Putman even passed deep in his own territory only to have Lutz break through to tip the ball into the air and into the arms of Zinsmeyer who rushed over the goal for the final score of the game. Emil also played his best game on defense as he anchored the right side of the Comet line.

Some Statistics

The Comets traveled 300 yards in 50 carries, picking up 9 first downs. They tried no passes. The Mustangs gained 68 yards in 32 tries on the ground. Putman threw 19 passes and completed 7 for a total of 59 yards and had two intercepted.

This week, St. Louis journeys to Comfort to seek their third victory. They still need a little polishing, especially in the extra point department, but seem well on their way to a successful season.

'Not Raising' Hogs Makes New Income For US Farmer

Is history repeating itself again? A certain "famous" letter is back in circulation again which would indicate we are completing another agricultural cycle.

Back when Henry Wallace was Secretary of Agriculture, one Ramon Ortiz de la Munoz inquired about the possibility of "not raising hogs". The letter appeared again recently in the Gorman Progress in Eastland County and, in these days of Soil Bank when it is profitable not to raise wheat and cotton, it has a very timely note. Here is the letter:

Amigo Mior:

My amigo, Pedro in Brazoria County received a check for \$1,000 from the government this year for not raising hogs. So I am going into the "not raising hog business" next year.

What I want to know is, in your opinion, what is the best kind of farm not to raise hogs on and the best kind of hogs not to raise? I would prefer not to raise razor-backs, but, if that is not a good breed not to raise, I will just as gladly not raise any Berkshires, Durocs or Poland China.

The hardest work in this business is going to be in keeping an inventory on how many hogs I haven't raised.

My amigo Pedro is very joyful about the future of this business. He has been raising hogs for more than 20 years and the best he ever made was \$400 back in 1918, until this year, when he got a thousand dollars for not raising hogs.

If I can get \$1,000 for not raising 50 hogs, then I will get \$2,000 for not raising 100 hogs, etc. I plan to operate on a small scale at first, holding myself down to about 4,000 hogs, which means I will have \$80,000.

Now, one other thing. These hogs I will not raise will not eat 1,000,000 bushels of corn. I understand that you also pay farms for not raising corn. So will you pay me anything for not raising

St. Louis Again Opens Music Dept.

The music department of St. Louis High School and Grammar Grades is again in full swing, bidding a hearty welcome to old and new members.

The Club held its first meeting of the school term Thursday Sept. 6, with Sister M. Blanda, their instructor, presiding. A number of new members were received into the Club and election of officers took place. Laurel Jean Corder was elected president, Ervin Tondre, vice-president, Gerald Holzhaus, treasurer and Janice Kempf, secretary.

Accompanists for this school year will be Laurel Jean Corder and Patricia Keller. Other music students will also be given the opportunity to accompany. In spite of the crowded conditions in the singing class, students are making the best of it and are eager to make this year's choral work outstanding.

Last year, the club was very active. They sang on television, attended a Music Festival at Our Lady of the Lake College, and made several appearances in Music Recitals. Plans are being made again to provide artistic choral work for entertainment including TV programs.

The choir has also been organized and will sing as formerly at the 7:30 Sunday services, thus enhancing religious worship.

Two Persons Attend FHA Meeting

D'HANIS — Miss Fred Boyce and Ann Langfeld attended the State Executive meeting of the FHA at Austin Sept. 8.

SPEAKING OF SPORTS

By Dr. John H. Jennings

The Class A Hondo Owls did a complete about face from the week before and last Friday night proceeded to tie into the Class AAA Del Rio Wildcats like they were Frank Buck. It netted them a well deserved 21 to 7 victory.

It was a fine tribute to the boys who make up the squad, for up through Monday before the Del Rio game, the boys knew full well they lacked something . . . they went to work on Tuesday and found it. Friday night the boys officially became the 1956 Owls and combined all their efforts AS A TEAM for victory.

It's a long season and the Owls will have to play them all like last Friday if they want it to be a successful one. They proved against Del Rio they KNOW HOW and CAN play good football to win . . . now it's a question of being ready and chopping down their schedule as it unrolls. Right now there are two strong clubs already pointing their efforts to beat the Owls . . . Uvalde and Pearsall. In fact, Pearsall is pointing for Hondo so much it would not be surprising to see them get knocked off a time or two before the crucial Owl-Maverick district battle comes off in November.

Del Rio Game Hard

The Del Rio game was a hard one . . . the Wildcats played a clean, hard ballgame, but the Owls played it just a little better.

The Wildcats took the kickoff and kept plugging for good yards but a fumble spoiled their success. The Owls' first two series of downs were stopped most effectively and it looked like the Owls, in spite of their spirit, were in for a bad night. Then came what could have been the play that beat Del Rio as QB Alvin Hartman tossed a beautiful pass to HB Ray Highsmith who made an even more beautiful reception. Rambling Ray was finally brought down on the 10 . . . the play covered 50 yards. This must have shaken up the visitors for they had, up until then, stopped the Owl ground game cold . . . the play had the opposite affect on the Owls for they took on even more life and went on from there. Windrow bulled his way for seven yards to the three where Highsmith shot over for the first TD.

A bit later, little Ray put the Owls in business again by a pass interception . . . the Owls plugged down field . . . had one TD rubbed out with a 15 yard penalty . . . but they came storming back . . . and with that man again, Highsmith, slanted across from six yards out.

Punt Return TD

Then just before the half, safety Billy Neuman took a punt at mid-field and took off like he had a tail wind. The interference began to form like a blue wall and you could see six points in the making. A lot of Owls put Maroon uniforms on the grass, but the two blocks most everyone saw was a beauty by Butch Woolls that got Billy on his way, and then the final block that put Neuman over was one of the most beautiful and vicious we have ever seen. It was executed by Alvin Hartman and if the boy who received it had not been in shape, he would be asking "what happened?" from an oxygen tent right now. It was worth hocking the family jewels to see. It was good to see Billy Neuman handle himself so well on the 50 yard TD run. He took off like he WANTED six points.

Game Data

The statistics were fairly close, with the Owls holding the edge in all departments. We have the official home game Statistician, Cliff Sadler, to thank for this report.

Owls	Del Rio
13 1st Downs	11
182 Rushing	162
50 Passing Yards	15
232 Total Yards	177
3 Passes	7
1 Passes Completed	2
1 Passes Intercepted by	0
5 Fumbles	5
5 Fumbles Recovered by	5
1 for 50 Punt Returns	2 for 25
2 for 30 Kick-Off Returns	4 for 83
3 for 35 Penalties	4 for 20
57 Total Plays Run	47

The individual records are as follows:

Y	T	Av.
Woolls	89	17 5.2
Highsmith	50	18 2.8
Windrow	15	4 3.8
Hartman	29	10 2.9

Hartman actually had 42 yards on 9 runs, but a 13 yard loss on a pass attempt sort of foiled his trip.

Good Quarterbacking

Big Alvin called a good ballgame, mixing his plays well. No doubt Del Rio had stacked the deck for Woolls, so Rambling Ray started eating the Wildcats' lunch. Then in the fourth period, Hartman mixed things up to keep the defense honest by working his QB sneak to good advantage. His threat of a pass was always looming too.

Other Notes

One of the most encouraging things to come out of the game,

aside from the Owls playing as a team with desire, was the way Ray Highsmith did his job. He looked real good . . . his running was more like a smooth glide . . . he was picking his feet up very clean and sharp. It was hoped Ray would come through this year like he did Friday. Woolls needs some spelling off . . . Butch showed a bit of shifty running too, which was a happy note. It will make him even more valuable.

The Owl line, even without one of their best linemen, Tommie Koch, did a fine job . . . they went out to do a task and they did it. Tackles Curtis Wiemers and Gary Schweers turned in a fine night . . . Charles Tilley manned the center of the five man line, while Clyde Bohmfalk and Johnny Windrow took care of the ends. Billy Potsovitich, William Reus, Alvin Hartman and Butch Woolls were the four men behind the front five, while Ray Highsmith and Billy Neuman were the half-backs. Bobby Ward plays left offensive guard and Reus comes out. Tackle Tommy Koch, out with an injury, could be ready for the Sabinal game.

These Owls were alert as Big Curtis Wiemers, Johnny Windrow, William Reus and Ray Highsmith all fell on fumbles to give or keep possession.

Room To Improve

The Coaches probably saw a few things they would like improved, but probably none more than tackling.

In spite of the over all good play, the Owls missed or slipped off too many tackles. The lone Del Rio TD was a 30 yard run that found two Owls making contact at different times, which should have stopped the six points.

Then, of course, the five Owl fumbles were too many . . . if Del Rio had not matched that number we could have been in trouble.

Penalties Beat Uvalde

Uvalde got beat in their opener but it must have been penalties, not Alpine, that did it. A report says Uvalde got the unheard of penalty yardage of 220 (not 370 as one report had it). This is a figure that is fantastic. I hope they are in such a generous mood when they meet the Owls next week. These '56 Owls could run up a thing to be proud of if they can defeat the AAA Coyotes this year, for Hondo has taken wins from them the past two years and to my knowledge neither team has ever won three in a row from the other.

Sabinal Next

This week, the Owls must dispose of Class B Sabinal. Of course no game is won on predictions, but this game should not extend the Owls much. However, one word of warning — the Owls had better go at their business just like they were playing Del Rio or Uvalde or Pearsall every week, for playing WITHOUT spark or desire could get to be a habit. The Flock had better not go to Uvalde next week with any bad habits or they will get plucked, but good. The first unit must go at Sabinal full of fire . . . if they are too much for the Yellowjackets, Coach Carver has a lot of boys on the bench he would like to see in action.

The best advice for the Owls is to play EVERY opponent with the same DESIRE they played with in the Del Rio game. LET IT BE YOUR NORMAL PLAYING STANDARD, not just a special effort. It's the way GOOD football and SUCCESSFUL teams play it!

Highway 90 Playoffs Set Sunday

The LaCoste Athletics will go for their second consecutive victory over the D'Hanis Pirates next Sunday in the final playoff round of the Highway 90 League.

The game will be played at D'Hanis, starting at 3 p.m., behind the pitching of Clinton Bippert, who struck out five batters, walked only one and allowed only three Pirates as far as second base in last week's game.

The Keller brothers provided most of the LaCoste punch at the plate. Franklin singled twice to drive in two runs and Lloyd got two singles and drove in the other run.

LaCoste defeated Rio Medina in the first-round playoffs while D'Hanis defeated Castroville. D'Hanis must win or the playoffs will be over.

Camp Fire Girls Hold First Meet

The No-We-Pat-im-mim Camp Fire girls held an organizational meeting at the Elementary school last week. All the sixth grade girls were invited to attend. There will be a meeting every two weeks, the next one to be Oct. 2.

If there are younger girls who would like to organize, find a leader and get in touch with Mrs. Ellis Burges.

DEVINE VOUNTEER Firemen battled a blaze at the home of W. W. Thomas, Big Foot, Sept. 16. Two fire trucks were dispatched to the scene. The home was a 75 per cent loss. Ollie Bassett, with hose, and Randy Schott are shown on top of the burning home. The Thomas family was not home at the time of the fire.

Hondo Owls Take On Sabinal Yellowjackets

Hondo's Owls take on the Class B Sabinal Yellowjackets here tonight, in what may turn into a run away.

The Owls, after defeating Del Rio 21-7 last week, will probably be sitting most of the evening out, as the second string gets in some work against the yellowjackets.

Coach Max Carver has been working the second string extra hard this week, behind the

quarterbacking of Ray Highsmith, last week's standout against Del Rio.

Sabinal has 11 returning lettermen. Their tri-captains are Benny Azopardi, Albert Estes and Morgan Causey. Probable lineup for the Yellowjackets will include, besides the captains, Joe Kincaid, Eddie McKinney, Chuck Tyler, Glenn Pepper, Joe Blanton, Hollis Kincaid, Mike Donaho and Harwell Davis.

Tommy Koch will be ready for action tonight, and will probably start. The Owls are in their best shape and should take the Yellowjackets without too much hard work.

Sabinal's starting lineup will enter Barry Field with a 163 average pound line and a 153 pound average backfield. The whole team averages 160 pounds. The Owls weigh in at 174 on the line and 170½ in the backfield. There are four sophomores on Sabinal's starting lineup.

Charlotte Dumps Wildcats

The Castroville Wildcats traveled to Charlotte Sept. 14, only to come up on the short end of an 18 to 0 score.

The score does not tell the whole game, however. All of the scoring was done in the first half. The Wildcats came roaring back in the second half to completely dominate play. The Wildcat defense led by 130 pound Frank Garza with superb help from Sam Aguirre, the Mangold boys, Bob Bayer and Dick Fletcher stopped the Trojan offense dead in the second half.

The first score of the ball game came on a 20 yard burst off left tackle. The try for the extra point failed. After receiving the kickoff, the Wildcats made the first of their seven fumbles and the Trojans made their final 6 points on a 15 yard pass.

The first half did not give Wildcat fans much to cheer about as they made little offensive progress.

Then, in the second half, Tom Bippert came up with some fine runs, the longest being a 25 yard jaunt around right end. Bob Bayer, 175 pound fullback, came up with some bone jarring 10 yard runs right up the middle.

The only completed pass for the Wildcats was thrown by quarterback Bippert to Sam Aguirre, who made a fine catch and run. Dick Fletcher made several 6 yd. runs through the center.

All in all, the Wildcats played a much better game than their first outing against the Southwest Dragons. Next week, Castroville plays Lytle at Castroville which should prove to be an exciting game.

Scouts To Help In Drive

San Antonio — Adult scout leaders of units in Alamo Council, Boy Scouts of America, should pick up their bags for "Operation Good Turn" at 9 a.m. Saturday, Sept. 22, from council headquarters, 2519 Broadway, San Antonio, according to Marvin J. Pedlar, field director for the 15-county area.

One hundred and fifty thousand bags will be available and will be dispensed rapidly, Pedlar stated.

The motto of every Boy Scout is to do a good turn daily, declared F. F. Herzog, chairman of the Alamo Council's camping committee. Herzog is heading the "Operation Good Turn" project. "We hope each and every one of the 15,000 scouts in the Alamo Council will prove to be a good scout in this campaign," the volunteer adult scout leader said.

Herzog said the scouts will leave "Good Turn" bags at residences of their communities and neighborhoods on Saturday morning, Oct. 6, and "will wear their uniforms and a smile."

The scouts will pick up the bags on the next Saturday morning, Oct. 13, he added.

"Good Turn will be helpful in at least three ways. Householders can fill the bags with repairable household discards, including clothing, which may have become a fire hazard in the closet, attic, basement or garage. The donated materials will assure continued employment for handicapped workers at non-profit Goodwill Industries. And, finally, low-income groups can buy clothing and appliances which they need to complete the humanitarian cycle," Herzog explained. "No money is being solicited, only discarded items. Like the Boy Scouts, Goodwill has a motto. This motto is 'Not charity, but a chance.' This is the scouts' opportunity to give the handicapped people a chance," Herzog concluded.

Devine B Team Suffers Defeat

Devine's B Team was defeated by Floresville 18-12, in a game played Sept. 15.

Butch Sollock and Jerry Weber both scored a touchdown in the second quarter for Devine. Floresville scored two touchdowns in the third and one in the fourth quarter.
